SANTA'S LITTLE HELPER

IS THE DREMEL TRIO

From the wall, to the table, to the floor, the Dremel Trio is a spiral jigsaw, edge sander and detailer all in one – allowing DIYers to cut, sand and rout multiple materials and surfaces at any horizontal or vertical angle, without switching tools.

Available from all good hardware stores, the Dremel Trio retails for \$169 and is every DIYers 'must have' gift idea on your Christmas list.

Use the Dremel Trio this festive season to: create wooden figurines to hang on the Christmas tree; cut, sand and rout a wooden Christmas welcome sign; or create a Christmas trivet for your festive table setting.

ENTER TO WIN

Canberra Weekly has 2 x Dremel Trio tools (valued at \$169 each) to give away.

To enter, email competitions@canberraweekly.com.au with 'Dremel Trio' in the subject field. Tell us your name, full contact details and the answer to this question: what's the first project you would make with a new Dremel Trio? Entries close and winners drawn 9am 4 January 2012.
